

VINEYARD & WINERY AUDITS

Karza Pty Ltd, an Australian owned consultancy, provides experienced auditing resources to help you manage your vineyard and winery.

Karza can assist you in developing, implementing and continually improving both your internal and third party management system audit programmes, including:

- Risk Management (AS/NZS 4360);
- Environmental Management (ISO14001);
- Quality Management (ISO9001); and
- Health and Safety (AS/NZS 4801 and Safety Map)

Your audit programmes can be completely outsourced or a co-operative sourcing arrangement can be established; providing your organisation with extra resources in times of resource or skills shortage.

Karza provides independent evaluations of conformity to the Wine Makers Federation of Australia's 'Australian Wine Industry Code of Conduct' and the 'Wine Packaging Guidelines'.

Karza also offers activity specific assessment services. Separate or integrated evaluations of quality, health, safety and environmental preparedness and performance can be undertaken covering:

- The establishment and implementation of contractual arrangements and contractor management;
- Vineyard clearing, planting, care and harvesting;
- Wine production, packaging, storage and transportation;
- Plant and infrastructure construction, maintenance and disposal: and
- Cellar door, restaurant, accommodation and conference facilities operations.
